The Future of Exhibitions @ Conferences

www.exponeto.com

” Covid-19 enforced exhibitions across the country to close their doors physically earlier this year.

The impact has been phenomenal to the events industry, with UFI Global Exhibition Barometer estimating €158bn (USD\$180bn) of total output and 1.9 million jobs have been affected in exhibition and tourism-related activities.

High demand for the product through our !
website

Emails & Telemarketing & social media & Google adds

An Israeli company with product on UNITY platform.
Very long loading time, limited movement with the mouse.
Custom made exhibitions.

<https://exporia.net/>

A company from India.
Many kinds of events but no real demo.
If you want a demo you need to answer many questions and
exhausting process.

<https://www.vfairs.com/>

A company from Belgium.
Uses real man avatars, nice architecture, not easy to navigate in mobile, real demo
is available.
Not clear how you can order an exhibition.

<https://www.hyperfair.com/>

A company from UK.
Uses real man avatars, nice architecture, not real 3d movement – 360 movement,
real demo is available, has a few permanent exhibitions.
Not clear how you can order an exhibition.

<https://www.v-ex.com/>
